DOCKET NO. 02-00795

**ORDER ADOPTING WNA AUDIT REPORT OF THE ENERGY AND WATER
DIVISION OF THE TENNESSEE REGULATORY AUTHORITY**

This matter came before Chairman Sara Kyle, Director Deborah Taylor Tate, and Director Ron Jones of the Tennessee Regulatory Authority (the "Authority"), the voting panel assigned to this docket, at a regularly scheduled Authority Conference held on August 5, 2002, for consideration of the audit findings of the Authority's Energy and Water Division (the "Staff") after review of Nashville Gas Company's ("Nashville Gas") Weather Normalization Adjustment (WNA) for the period November 1, 2001, through March 31, 2001. The WNA Audit Report, attached hereto as Exhibit A, and incorporated in this Order by this reference, contains a detailed discussion of the audit's results.

The Audit Report states that as a result of its WNA Rider, during the audit period Nashville Gas surcharged \$2,241,280 and \$1,324,668 from its residential and commercial customers respectively. The Audit Report further states that the Staff's audit shows no adverse findings for the audit period, for which the Report commends Nashville Gas, and concludes that Nashville Gas is correctly implementing the WNA Rider.

After consideration of the WNA Audit Report, the Authority unanimously approved the findings and recommendations contained therein.

IT IS THEREFORE ORDERED THAT:

1. The WNA Audit Report, a copy of which is attached to this Order as Exhibit A, is approved and adopted, including the findings and recommendations contained therein, and is incorporated in this Order as if fully rewritten herein; and

2. Any party aggrieved by the Authority's decision in this matter may file a Petition for Reconsideration with the Authority within fifteen (15) days from the date of this Order.
